ABOUT ME

I'm a Software Engineer with a Master's degree in Mechatronic Engineering and a strong foundation in automation, robotics, and IoT systems. Designing and implementing efficient, innovative, and robust solutions is at the heart of my work, as is collaborating with others to solve complex problems. I believe in the power of technology to transform industries and improve lives.

I'm also deeply interested in product management and business development within the technology sector, aiming to connect technical solutions with market needs to create meaningful impact.

EXPERIENCE

Software Engineer

Paolino Bacci srl

November 2023 -

Cascina, Pisa, Italy

- Designed and developed .NET applications in C to control and monitor CNC machines
- Leveraged Microsoft Azure cloud services for data storage and real-time analytics
- Collaborated with automation engineers to ensure seamless integration between software and machinery, enhancing performance and user experience

Software & Robotics Engineer

ESA Automation

July 2022 - May 2023

Vicopisano, Pisa, Italy

- Developed industrial robotics software, including kinematics, vision systems' integrations, HMI, and communication protocols
- Programmed, calibrated, and set up ABB and KUKA robots, ensuring efficiency in diverse manufacturing tasks

Software & Robotics Engineer

Superiore Sant'Anna - Biorobotics Institute

February 2020 - May 2022

Pontedera, Pisa, Italy

- Developed the control software of more than a prototype for diagnostic automation using C++ on Arduino and PLC Structured Text (ST)
- Developed a prototypal network architecture to connect prototypes, collect processing and diagnostics data, and display them on an open-source web app using MQTT protocol, FastAPI, and ThingsBoard.

STRENGTHS

Software development

C#

C \ C++

Python

Matlab

Linux

OOP design

Cloud Technologies

Git

LANGUAGES

Italian

English

Spanish

EDUCATION

M.Sc. in Mechatronic Engineering

Politecnico di Torino

📅 Jan 2017 – Dec 2019

📍 Turin, Italy

B.Sc. in Automation Engineering

Università degli Studi di Napoli Federico II

📅 Sep 2012 – Jan 2017

📍 Naples, Italy

Grado en Ingeniería Electrónica, Robótica y Mecatrónica - Erasmus Project

Escuela Técnica Superior de Sevilla

📅 Sep 2014 – Jul 2015

📍 Sevilla, Spain

I hereby authorize the use of my personal data in accordance to the GDPR 679/16 - "European regulation on the protection of personal data".

DATE: 04/12/2024
