Pisa, Italy. Willing to relocate in Europe and UK

ABOUT ME

I'm a Software Engineer with a Master's degree in Mechatronic Engineering and a strong foundation in automation, robotics, and IoT systems. Designing and implementing efficient, innovative, and robust solutions is at the heart of my work, as is collaborating with others to solve complex problems. I believe in the power of technology to transform industries and improve lives.

I'm also deeply interested in product management and business development within the technology sector, aiming to connect technical solutions with market needs to create meaningful impact.

EXPERIENCE

Software Engineer

Paolino Bacci srl

November 2023 -

Cascina, Pisa, Italy

- Designed and developed .NET applications in C# and WPF/Winform to control and monitor CNC machines, incorporating 3D visualization and simulation tools to create interactive and immersive user experiences
- Leveraged Microsoft Azure cloud services for data storage and real-time analytics

Software & Robotics Engineer

ESA Automation

July 2022 - May 2023

Vicopisano, Pisa, Italy

- Developed industrial robotics software, including 3D kinematics, vision systems' integrations, HMI, and communication protocols
- Programmed, calibrated, and set up ABB and KUKA robots, ensuring efficiency in diverse manufacturing tasks

Software & Robotics Engineer

Superiore Sant'Anna - Biorobotics Institute

February 2020 - May 2022

Pontedera, Pisa, Italy

- Developed the control software of more than a prototype for diagnostic automation using C++ on Arduino and PLC Structured Text (ST)
- Developed a prototypal network architecture to connect prototypes, collect processing and diagnostics data, and display them on an open-source web app using MQTT protocol, FastAPI, ThingsBoard and docker.

OTHER PROJECTS

Among the projects I worked on there are also a webapp developed with python and Django and a mobile application in flutter/Dart.

Consult my portfolio for more informations, at: <https://gabri92.github.io/>

STRENGTHS

Software development

C#

Python

C \ C++

Matlab

Linux

OOP design

Microsoft Azure

Postgresql

Git

Docker

LANGUAGES

Italian	
English	
Spanish	

EDUCATION

M.Sc. in Mechatronic Engineering

Politecnico di Torino

 Jan 2017 – Dec 2019

 Turin, Italy

B.Sc. in Automation Engineering

Università degli Studi di Napoli Federico II

 Sep 2012 – Jan 2017

 Naples, Italy

Grado en Ingeniería Electrónica, Robótica y Mecatrónica - Erasmus Project

Escuela Tecnica Superior de Sevilla

 Sep 2014 – Jul 2015

 Sevilla, Spain

I hereby authorize the use of my personal data in accordance to the GDPR 679/16 - "European regulation on the protection of personal data".

Date: 11/01/2025
